### SPANDAN-2022 (1<sup>st</sup> & 2<sup>nd</sup> April)

#### Spandan Stage Design

Stage Design process for the university level fest named Spandan was conducted for students of BMCA.

The process of Stage Design was commenced on 28<sup>th</sup> March, 2022 and after finalizing the design; execution of the design was done on 31<sup>st</sup> March and 1<sup>st</sup> April, 2022. The stage design and execution was done by the team of 15 students and 4 faculties namely, Ar. Chaitali Shroff, Ar. Nisarg Bhanvadiya, Ar. Pooja Dhariawala and Prof. Gajendra Majithia

#### Fashion show- Spandan 2022

A group photo

In the journey of college, Students had a beautiful part of Spandan in it. Students of architecture, interior design & Diploma took part in fashion show. They don't have proper idea about fashion show what they actually have to do but with their strong intentions & hardwork they start planning and practicing. They planned a theme of "Nari -Shakti" - contribution and struggle in world & dressing up in silk clothes and jewellery which act as a icing on the cake. They practiced & learn proper posture, walking & expression technique that act as a frame work to their work. Seniors took lead and guide students. When they had won this show as it not just a trophy but appreciation of their hard work that they had done for this.

## Wonders in valuation introductory seminar on 23<sup>rd</sup> April

As the valuation industry gearing up in India, BMU has intend to initiate certificate course and M.tech course in valuation and signed MOU for technical support of professional team with GAA.

In line with MOU and further course of action, BMCA organized introductory course seminar today to enlighten our students and professionals about opportunities & challenges in industry. The guest of honour shri.ashwini kumar, dgm & regional manager from bank of Baroda enlighten audience regarding future prospects of the said field.

# Bhagwan Mahavir University Newsletter

Whereous, keynote speaker Prof.Nelson Macwan,ex professor & researcher from istar brief regarding pillars and scope of valuation industry to audience. Contents of certificate course is introduction to valuation , type of properties , document verification , basic technical terminology for basics of dcr ,data collection ,analysis of data & arriving on conclusion , open discussion ,training session ,discussion & interaction program.

Vision the field of valuation (appraisers) is gradually upcoming in progressive state of building national economic enhancement to our nation India. The subject is not dealt in length during UG level in engineering as well as in architecture studies. Thus considering it's esteem importance in real estate & plant & machinery sector, bmu has intend to initiate M.tech. Course in valuation along with technical support of professional team of GAA (a company constituted under section 8 of companies act 2016), who will provide complete technical assistance from the valuation industry, this course will be based on draft copy of NIV (national institute of

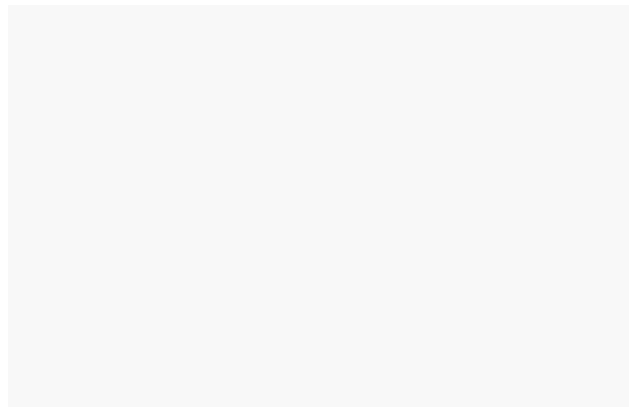

valuation) guideline prescribe by moc affairs.

GAA Members with BMCA Faculties

Postgraduate course M.tech. (real estate valuation) M.tech. (plant & machinery valuation) scope the scope of the course is very wide. The students passing with the M. Tech

**Expert Lecture by I.D Nikita Dagli held at BMCA seminar hall on 28<sup>th</sup> April,2022**

Well-known Interior Designer of Surat, **Nikita Dagli** had a very informative seminar for our interior designing students.

She had a word related to design process, new materials & technology, challenges and issues of the site. Also she explained the client's requirement for site execution level's design process. She showed her projects to the students in which she used different styles of interior, theme and color balance. This expert lecture was very useful for all our students to understand the basics of interior. She used the theme of neoclassical & modern concept in interior design.

She showed her projects where there are many challenges like the architecture plan is done but you have to change just interior layout

of Interior spaces like living room, master bedroom, and children bedroom.

She designed extended niche & create extended seating area, entrance portion of the bedroom and study area, dressing with round mirror and storage.

She uses colors like white, light pink, olive green color very well She explained design process to the students that how can a interior designer start a new site first of all we have to understand client's requirement & needs then have to do planning then presentation according to that and confirmation stage then we have to select furniture, then create 3d for space visualization last stage is site execution .

### P.O.P workshop on 18<sup>th</sup> april

the block and then carve with tools with proper precautions as it can harm anyone. After completing carving they used Acrylic colours as they are not soaked by pop block and they use different color scheme according to their design and give it final touch with brushstrokes

Plaster of Paris (pop) workshop done by interior designer students under the guidance of Mr.Gajendra Majitha.

In that students had taken a wooden frame of 15"\*15" in which they had pour mixture of pop and water it was a fun activity with acquiring many small details and let it set properly for 2-3 hours by the time they had draw their design on tracing paper in the time the pop block is also ready they had trace it on

It was a good experience for all of them as they learn many details regarding p.o.p during enjoying the process of making a pop block with carving and colour on it

### 5<sup>th</sup> June environment day celebration

On environment day major tree planting done on this day.

World environment day is the largest global platform for environment public outreach and is celebrated by millions of people across the world.

In this day we celebrated environment day with our honourable trustees ,registrar

,director's,principals,faculties and our students.

We should take care of plants because plants help us in many ways, like: Plants provide us food and clean the air. , Plants give us wood, medicines, cotton and many other things, Plants maintain carbon-di-oxide - oxygen balance in air.it has been a platform for raising awareness on environmental issues such as marine pollution, overpopulation, global warming, sustainable development and wildlife crime. World Environment Day is a global platform for public outreach, with participation from over 143 countries annually. Each year, the program has provided a theme and forum for businesses, non government organizations, communities, governments and celebrities to advocate environmental causes. Although we also have responsibilities to keep our environment clean and disease free.

The slogan was “ONLY ONE EARTH” lifting the status of environmental issues onto the world stage

**MASTERS STUDENT VISITED SOLID WASTE DISPOSAL SITE AND WATER & SEWAGE TREATMENT PLANT ,SMC.(13<sup>th</sup> June)**
